

Family & Child Liaison Officer

Hello, I'm Rose Milton, the Family & Child Liaison Officer here at St Mary's. My role is to support parents and carers to ensure their children can learn positively and flourish during their time at St Mary's.

I'm here to listen and care, I'm able to signpost parents to a variety of services which may help. I work closely with the school nursing team and outside agencies to support you and your child offering a confidential service to families at times when they may have changes in their lives or just need a bit of extra support.

Some examples of this support are:

Attendance

Friendship concerns

Bullying issues

Family circumstances affecting your child

Medical/Health concerns

Simply put, a 'listening ear'

I'm available for informal chats in the playground or by appointment, so please feel free to come up and say hello.
