## 1. Aims

This policy aims to:

- Explain how we'll create an environment at our school where pupils learn best and love to do so
- Summarise expectations to make sure everyone is committed to achieving a consistent approach to teaching and learning across our school
- Promote high expectations and raising standards of achievement for all pupils in our school
- Involve pupils, parents and the wider school community in pupils' learning and development

## 2. Our Guiding Principles

Our vision is that all of God's children flourish and gain the knowledge, wisdom and skills needed to care about themselves, their community and their world. Teaching and learning is at the heart of what we do and this policy outlines the foundations from which our successes grow. At St. Mary's, our Christian foundation inspires us to secure and sustain effective learning throughout our school so that pupils reach their God given potential, leave as lifelong learners and are properly prepared for their next phase.

At St Mary's, pupils learn best when they:

- Have their basic physical needs met
- Feel secure, safe and valued
- Feel a sense of belonging to the group
- Are engaged and motivated
- Can see the relevance of what they are doing
- Know what outcome is intended
- Can link what they are doing to other experiences
- Understand the task
- Have the physical space and the tools needed
- Have access to the necessary materials
- Are not disrupted or distracted by others
- Can work with others or on their own, depending on the task
- Are guided, taught or helped in appropriate ways at appropriate times
- Can practise what they are learning
- Can apply the learning in both familiar and new contexts
- Can persevere when learning is hard
- Can manage their emotions if things are not going well
- Recognise that all learners make mistakes and mistakes can help us learn

## 4. Planning

Our curriculum has been built in carefully sequenced steps to ensure that children explore the breadth and depth of all subjects. We offer a broad and balanced approach that values the importance of Reading, Writing and Mathematics, but that also ensures children develop a solid foundation in wider curriculum subjects. We believe that all children should develop a rich and deep subject knowledge, while also having the opportunity to develop and apply their knowledge, skills and wisdom in a variety of contexts.

We aim to motivate our children and deepen their understanding through providing them with a range of educational experiences both in and beyond the classroom. Where possible, we link these to our local community, its history and its culture, and try to give children experiences that enrich, deepen and contextualise their learning.

Please also see our EYFS policy for more details on our school's teaching and learning in the Early Years.

## 5. Learning Environment

When pupils are at school, learning will take place in classrooms, outdoor spaces, halls, music rooms and at workshops.

These spaces will be kept safe, clean and ready for pupils to use them.

They will be arranged to promote learning through:

- › Clearly labelled, comfortable and attractive zones such as reading corners and quiet areas
- › Posters of material pupils have previously learned about and can identify
- › Accessible resources for learning such as books, worksheets and other equipment
- › A seating layout that allows everyone to see the board and participate
- › Displays that celebrate and support pupils' learning

## 6. Adaptations

Teaching and learning at our school will take the backgrounds, needs and abilities of all pupils into account. We will adapt the learning to cater to the needs of all of our pupils, including:

- › Pupils with special educational needs and disabilities (SEND)
- › Pupils with English as an additional language (EAL)
- › Disadvantaged pupils
- › Pupils that are very able or have a specific talent

We will do this through:

- › Using support staff effectively to provide extra support

- Working with our SEN co-ordinator (SENCO), our pupils with SEND, and their parents to establish the appropriate level of material to support these pupils to make good progress
- Using ability groupings for certain subjects where appropriate
- Providing writing frames and word banks

All home learning will be made available either on our school's website, on our digital learning platform or sent home as a physical copy.

Home learning will be reasonable in challenge and length, and its purpose will be clearly outlined alongside each task.

Any necessary equipment or resources will be provided, loaned or made accessible to those who need it.
